Alternative Formats 2024

C A N S

Aluminium cans are infinitely recyclable, and 70% of aluminium cans sold in the UK are currently recycled.

Recycling doesn't affect the quality of the can, and the process uses 90% less energy than recycling glass.

The average can used in the UK is made up of 68% recycled content, and some pioneers are working on producing cans with over 90% recycled content.

Cans are lightweight and efficient to pack, so require less packaging and lower emissions when transporting.

YES YOU CAN

ABOUT

Yes You Can is an Enotria&Coe own-label.

The range combines quality liquid in convenience-driven packaging to open new occasions for the UK's favourite wine styles. Last year, Sauvignon Blanc was the most popular grape varietal in the E&C portfolio, with a total of 14% of wine volumes sold. Expect fresh, fruity and easy-drinking wines that are universally delicious and infinitely recyclable.

The Yes You Can range is a key pillar of Enotria&Coe's commitment to our Sustainability Charter in 2024. We have pledged to reach net zero carbon emissions by 2030.
